a) 10 mL  
b) 5 mL  
c) 2 mL  
d) 20 mL
19. What is the treatment of choice for non-gonococcal urethritis based on recent CDC guidelines?  
a) Azithromycin  
b) Erythromycin  
c) Ofloxacin  
d) Doxycycline
20. According to recent CDC guidelines, the best approach to treat *Mycoplasma genitalium* in a macrolide resistant case is?  
a) Doxycycline alone  
b) Doxycycline followed by moxifloxacin  
c) High-dose azithromycin alone  
d) Moxifloxacin alone

## ANSWERS

1. b
2. a
3. c
4. d
5. d
6. d
7. a
8. d
9. a
10. a
11. c
12. b
13. a
14. c
15. a
16. c
17. b
18. a
19. d
20. b

### Ethical approval

Institutional Review Board approval is not required.

### Declaration of patient consent

Patient's consent not required as there are no patients in this study.

### Financial support and sponsorship

Nil.

### Conflicts of interest

There are no conflicts of interest.

### Use of artificial intelligence (AI)-assisted technology for manuscript preparation

The author confirms that there was no use of artificial intelligence (AI)-assisted technology for assisting in the writing or editing of the manuscript and no images were manipulated using AI.
