Sharing of clothes/towels among family members: Yes/No

Has the child been immunised according to his/her age?: Yes/No

Past medical illness:

Medical illness in family members:

Signature of the parent/guardian

Supplementary File 2: List of categories of various dermatoses.**Non-infectious dermatoses**

Nevi and hamartomas

- Acquired melanocytic nevus
- Congenital melanocytic nevus
- Verrucous epidermal nevus
- Nevus depigmentosus
- Becker's nevus
- Nevus spilus
- Cherry angioma
- Port wine stain
- Infantile hemangioma
- Faun tail nevus
- Lymphangioma circumscriptum
- Café-au-lait spots
- Mosaicism

Disorders of epidermal keratinization

- Xerosis
- Acanthosis nigricans
- Lichen spinulosus
- Keratosis pilaris
- Ichthyosis vulgaris
- Keratolysis exfoliativa
- Phrynoderma

Inflammatory dermatoses

- Acne
- Pityriasis alba
- Cheilitis
- Insect bite reaction
- Papular urticaria
- Traumatic anserine folliculosis
- Urticaria
- Aphthous ulcer
- Seborrheic melanosis
- Polymorphous light eruption
- Lip lick dermatitis
- Atopic dermatitis
- Prurigo
- Eczema

Pigment disorders

- Post-inflammatory dyspigmentation
- Vitiligo
- Albinism
- Ephelides
- Lentigines

Scars

- Atrophic scar
- Keloid
- Hypertrophic scar

*(Contd...)***Supplementary File 2:** *(Continued).***Non-infectious dermatoses**

Other dermatoses

- Dermatitis neglecta
- Milia
- Callus
- Hyperhidrosis
- Acrochordon
- Striae

Papulosquamous disorders

- Psoriasis
- Pityriasis rosea
- Lichen striatus
- Lichen nitidus
- Seborrheic dermatitis

Nail disorders

- Nail pits
- Beau's lines
- Koilonychia
- Melanonychia
- Nail pterygium
- Trachyonychia
- Median canaliform nail dystrophy

Hair disorders

- Hirsutism
- Traumatic alopecia
- Traction alopecia
- Alopecia areata
- Premature canities

Congenital anomalies

- Accessory tragus
- Congenital cartilaginous rests of the neck
- Polydactyly
- Polythelia

Infectious dermatoses

Fungal infections

- Dermatophyte
- Intertrigo
- Onychomycosis

Infestations

- Scabies
- Pediculosis capitis

Viral infections

- Warts
- Hand-foot-mouth disease
- Molluscum contagiosum
- Herpes labialis

Bacterial infections

- Folliculitis/furuncle
- Impetigo
- Pitted keratolysis
